# Global Reporting Initiative Index

The index below includes GRI indicators that are relevant to our business. Unless otherwise noted, all data and descriptions apply to our entire firm and are as of or for the year ended December 31, 2020.

We have identified the following GRI topics as related to our key ESG topics: economic performance, indirect economic impacts, anti-corruption, anti-competitive behavior, energy, emissions, employment, training and education, diversity and equal opportunity, human rights assessment, local communities, public policy, product portfolio, audit, active ownership, marketing and labeling, customer privacy and socioeconomic compliance. We define the boundary for each topic as being directly related to JPMorgan Chase and indirectly related through our business relationships based on the GRI standards requirement and guidance.

We also have relationships with trade unions and work councils in the regions where we operate as well as through many of our vendors. Most JPMorgan Chase employees are not covered by collective bargaining agreements and no U.Sbased employees are subject to collective bargaining agreements. JPMorgan Chase's Code of Conduct sets forth the firm's expectations for each employee. The Code of Conduct provides the principles that govern employee conduct with clients, customers, shareholders and one another, as well as with the markets and communities in which JPMorgan Chase does business. Employees are encouraged to raise any concerns through multiple channels identified in the Code of Conduct. |

### Environmental Data Verification Statement

#### VERIFICATION OPINION DECLARATION GREENHOUSE GAS EMISSIONS

To: Stakeholders of JP Morgan Chase & Co.

Apex Companies LLC, (Apex) was engaged to conduct an independent verification of the greenhouse gas (GHG) emissions reported by JP Morgan Chase & Co. (JPMC) for the period stated below. This Verification Opinion applies to the related information included within the scope of work described below.

The determination of the GHG emissions is the sole responsibility of JPMC. JPMC is responsible for the preparation and fair presentation of the GHG statement in accordance with the criteria. Apex's sole responsibility was to provide independent verification on the accuracy of the GHG emissions reported, and on the underlying systems and processes used to collect, analyze, and review the information. Apex is responsible for expressing an opinion on the GHG statement based on the verification. Verification activities applied in a limited level of assurance verification are less extensive in nature, timing, and extent than in a reasonable level of assurance verification.

#### Boundaries of the reporting company GHG emissions covered by the verification:

- Operational Control
- Worldwide

Types of GHGs: CO<sub>2</sub>, N<sub>2</sub>O, CH<sub>4</sub>, HFCs

#### GHG Emissions Statement:

- Electricity Consumption: 1,693,143 Megawatt hours
- Purchased Renewable Energy: 1,696,385 Megawatt hours
- Scope 1: 69,570 metric tons of  $CO_2$  equivalent
- Scope 2 (Location-Based): 660,601 metric tons of CO<sub>2</sub> equivalent
- Scope 2 (Market-Based): 4,187 metric tons of CO<sub>2</sub> equivalent
- Scope 3: Business Travel: 36,169 metric tons of CO<sub>2</sub> equivalent
- Purchased GHG Emissions Offsets: 110,500 metric tons of CO<sub>2</sub> equivalent
- Net Emissions of CO<sub>2</sub> equivalent (Scope 1 + Scope 2 Market-Based + Scope 3) Purchased GHG Emission Offsets: 0 metric tons of CO<sub>2</sub> equivalent

Data and information supporting the Scope 1, Scope 2, and Scope 3 GHG emissions assertion were historical in nature for the most part. In some cases, data were estimated rather than historical in nature.

#### Period covered by GHG emissions verification:

January 1, 2020 to December 31, 2020

#### Criteria against which verification conducted:

- World Resources Institute (WRI)/World Business Council for Sustainable Development (WBCSD)
   Greenhouse Gas Protocol, Corporate Accounting and Reporting Standard
- WRI/WBCSD Corporate Value Chain (Scope 3) Accounting and Reporting Standard

WATER RESOURCES • ENVIRONMENTAL SERVICES • HEALTH & SAFETY

Apex Companies, LLC • (800) 733-2739 • www.apexcos.com

#### Reference Standard:

 ISO 14064-3 Second Edition 2019-04: Greenhouse gases — Part 3: Specification with guidance for the verification and validation of greenhouse gas statements

#### Level of Assurance and Qualifications:

- Limited
- This verification used a materiality threshold of +/-5% for aggregate errors in sampled data for each of the above indicators

#### GHG Verification Methodology:

Evidence-gathering procedures included but were not limited to:

- · Interviews with relevant personnel of JPMC and their consultant;
- · Review of documentary evidence produced by JPMC;
- Review of JPMC data and information systems and methodology for collection, aggregation, analysis and review of information used to determine GHG emissions; and
- · Audit of sample of data used by JPMC to determine GHG emissions.

#### **Verification Opinion:**

Based on the process and procedures conducted, there is no evidence that the GHG emissions statement shown above:

- is not materially correct and is not a fair representation of the GHG emissions data and information; and
- has not been prepared in accordance with the WRI/WBCSD GHG Protocol Corporate Accounting and Reporting Standard (Scope 1 and 2), and WRI/WBCSD Greenhouse Gas Protocol Corporate Value Chain Accounting and Reporting Standard (Scope 3).

It is our opinion that JPMC has established appropriate systems for the collection, aggregation and analysis of quantitative data for determination of these GHG emissions for the stated period and boundaries.

#### Statement of independence, impartiality and competence

Apex is an independent professional services company that specializes in Health, Safety, Social and Environmental management services including assurance with over 30 years history in providing these services.

No member of the verification team has a business relationship with JPMC, its Directors or Managers beyond that required of this assignment. We conducted this verification independently and to our knowledge there has been no conflict of interest.

Apex has implemented a Code of Ethics across the business to maintain high ethical standards among staff in their day-to-day business activities.

The verification team has extensive experience in conducting assurance over environmental, social, ethical and health and safety information, systems and processes, has over 20 years combined experience in this field and an excellent understanding of Apex's standard methodology for the verification of greenhouse gas emissions data.

#### VERIFICATION OPINION WATER WITHDRAWAL

To: Stakeholders of JP Morgan Chase & Co.

Apex Companies LLC, (Apex) was engaged to conduct an independent verification of the water withdrawal reported by JP Morgan Chase & Co.(JPMC) for the period stated below. This Verification Opinion applies to the related information included within the scope of work described below.

The determination of the water withdrawal is the sole responsibility of JPMC. Apex was not involved in determining the water withdrawal. Apex's sole responsibility was to provide independent verification on the accuracy of the water withdrawal information reported, and on the underlying systems and processes used to collect, analyze, and review the information. Apex is responsible for expressing an opinion on the water withdrawal statement based on the verification. Verification activities applied in a limited level of assurance verification are less extensive in nature, timing, and extent than in a reasonable level of assurance verification.

#### Boundaries of the reporting company GHG emissions covered by the verification:

- · Operational Control
- USA
- Exclusions from the scope of the reporter's data assertion:
  - o Data outside the defined assurance period of calendar year 2020

#### Data verified:

• Water Withdrawal: 5,035,089 cubic meters

Data and information supporting the water withdrawal assertion were historical in nature for the most part. In some cases, data were estimated rather than historical in nature.

#### Period covered by GHG emissions verification:

• January 1, 2020 to December 31, 2020

#### Criteria against which verification conducted:

 CDP Guidance for Companies Reporting on Water on Behalf of Investors and Supply Chain Members (Water Withdrawal)

#### Reference Standard:

 Apex's standard procedures and guidelines for external Assurance of Sustainability Reports and International Standard on Assurance Engagements (ISAE) 3000 Revised, Assurance Engagements Other than Audits or Reviews of Historical Financial Information (effective for assurance reports dated on or after Dec. 15, 2015), issued by the International Auditing and Assurance Standards Board. A materiality threshold of ±5-percent was set for the assurance process.

#### Level of Assurance and Qualifications:

· Limited Assurance Level

#### Verification Methodology:

- · Interviews with relevant personnel of JPMC and their consultant;
- · Review of documentary evidence produced by JPMC;

WATER RESOURCES • ENVIRONMENTAL SERVICES • HEALTH & SAFETY

Apex Companies, LLC • (800) 733-2739 • www.apexcos.com

- Review of JPMC data and information systems and methodology for collection, aggregation, analysis and review of information used to determine water withdrawal; and
- · Audit of sample of data used by JPMC to determine water withdrawal.

#### **Assurance Opinion:**

Based on the process and procedures conducted, there is no evidence that the water withdrawal assertion shown

- is not materially correct and is not a fair representation of the water withdrawal data and information; and
- has not been prepared in accordance with the CDP Guidance for Companies Reporting on Water on Behalf of Investors and Supply Chain Members.

It is our opinion that JPMC has established appropriate systems for the collection, aggregation and analysis of quantitative data for determination of water withdrawal for the stated period and boundaries.

#### Statement of independence, impartiality, and competence

Apex is an independent professional services company that specializes in Health, Safety, Social and Environmental management services, including assurance, with over 30 years history in providing these services.

No member of the verification team has a business relationship with JPMC, its Directors or Managers beyond that required of this assignment. We conducted this verification independently and to our knowledge there has been no conflict of interest.

Apex has implemented a Code of Ethics across the business to maintain high ethical standards among staff in their day-to-day business activities.

The verification team has extensive experience in conducting assurance over environmental, social, ethical and health and safety information, systems and processes, has over 20 years combined experience in this field and an excellent understanding of Apex's standard methodology for the verification of water withdrawal data.
